***We are proud to announce the opening of
Glebe Respite House!
65 Brock Street***

Respite services will provide support to individuals with Down syndrome and those with developmental disabilities and their caregivers.

Our home is open to everyone; for those who would like to live with us, to those who wish to come and have shorter stays from time to time or for those who want to get out of the house for the afternoon and have some fun! We are staffed 24 hours a day and provide qualified support by staff and volunteers.

Some of the services provided by Glebe House include a transitional independent living program, life skills training, cooking classes, regular events and activities and individualized plans of care.

So families and caregivers, we are here for you and one step at a time we wish to make your life a little bit easier!

We are excited to welcome back Melanie, House Manager of Glebe Respite House!

***Attend the AGM on October 22nd for a tour
or call Mel at 742-1603 to book a private
one!***
