

2nd Annual Kevin McNulty Memorial Golf Tournament

The Down Syndrome Association was the true winner on this hot, hot, hot day!

Another successful golfing event took place on Sunday, August 16th at Keystone Links Golf and Country Club, sponsored by M & C Hydraulic Inc.'s Steve McNulty. Steve makes this event possible through his generous financial contribution and staff support, Ron Crowder.

After a shotgun start at noon, a steak dinner, silent auction, awards and prizes, **\$3,600** was raised (a 20% increase over last year)!

Closest to the Hole winners were Craig Norman, Ron Therrien, Doug Teed and Mike Owczar. The winning team was lead by Kevin Warr, Will Crough, Colin King and Leon Jegeris.

SUMMER SCHOOL 2009

Staff and students had a truly amazing three weeks at Summer School this year. Many thanks to St. Peter's Secondary School for donating the space and a special thank you to Jim Bent, a teacher at R. F. Downey School who shared his boating skills with us for a day at Rogers Cove. Check out the pictures at the Annual General Meeting next month.

One afternoon, students performed "The Rainbow People" play, danced and sang to a room full of parents and guests. The students were outstanding!

Thank you to all who made this program a success!
