Meet a Board Member

Joanne Mallory

My name is Joanne Mallory and I am excited to have recently become a member of the Board of Directors. I came to Peterborough for University many years ago and never left. Teaching is my passion, especially the younger ones in their formative years. I have been teaching for 22 years now and love it more than I did when I started. Literacy and working with students with special needs are my areas of interest and professional growth and goals. I look forward to meeting some more of the membership and hope to support this association with some of my experience!
