The Down Syndrome of Ontario Conference 2012 Great Wolf Lodge

Comments from those members who attended:

“As an organizer of the conference, the conference went very smoothly this year. All of the speakers had a family connection with Down syndrome with the exception of Developmental Services Ontario and the attendees really appreciated this aspect. My family was able to enjoy the GWL facilities including the waterpark and dances on both Friday/Saturday evening.”

“For one weekend, our families are completely normal. The kids have a blast while we network, learn and share. The conference is an invaluable retreat with laughter and tears and we are all richer for attending.”

“I loved the format of the conference for this year. Having the sessions compactly organized into the day on Saturday allowed us to enjoy the trip as not only an information gathering experience, but also as a much needed opportunity to get away as a family! Thank you to all those who worked to put this amazing weekend together for us!”
